Nam A Commercial Joint Stock Bank

REPORT OF THE BOARD OF MANAGEMENT MANAGEMENT

The Board of Management of Nam A Commercial Joint Stock Bank ("the Bank") is pleased to present this report and the interim consolidated financial statements of the Bank and its subsidiary for the six-month period ended 30 June 2026.

THE BOARD OF MANAGEMENT'S RESPONSIBILITY IN RESPECT OF THE INTERIM CONSOLIDATED FINANCIAL STATEMENTS

The Board of Management of the Bank is responsible for the interim consolidated financial statements of each financial period, which give a true and fair view of the interim consolidated financial position of the Bank and its subsidiary, and the interim consolidated income statement and its interim consolidated cash flows for the period. In preparing those interim consolidated financial statements, the Board of Management is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgements and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the interim consolidated financial statements; and
- ▶ prepare the interim consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Bank and its subsidiary will continue its business.

The Board of Management is responsible for ensuring that proper accounting records are kept, which disclose, with reasonable accuracy at any time, the interim consolidated financial position of the Bank and its subsidiary and ensuring that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Bank and its subsidiary and, hence, for taking reasonable steps for prevention and detection of fraud and other irregularities.

The Board of Management confirmed that it has complied with the above requirements in preparing the accompanying interim consolidated financial statements.

STATEMENT BY THE BOARD OF MANAGEMENT

The Board of Management of the Bank does hereby state that, in its opinion, the accompanying interim consolidated financial statements give a true and fair view of the interim consolidated financial position of the Bank and its subsidiary as at 30 June 2026 and of the interim consolidated income statement and its interim consolidated cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System for Credit Institutions, and the statutory requirements relevant to the preparation and presentation of the interim consolidated financial statements.

On behalf of the Board of Management

REPORT ON REVIEW OF INTERIM CONSOLIDATED FINANCIAL STATEMENTS

**To: The Shareholders of
Nam A Commercial Joint Stock Bank**

We have reviewed the accompanying interim consolidated financial statements of Nam A Commercial Joint Stock Bank ("the Bank") and its subsidiary, as prepared on 7 August 2026 and set out on pages 6 to 78 which comprise the interim consolidated statement of financial position as at 30 June 2026, the interim consolidated income statement and the interim consolidated cash flow statement for the six-month period then ended and the notes thereto.

The Board of Management of the Bank's responsibility

The Board of Management of the Bank is responsible for the preparation and true and fair presentation of the interim consolidated financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System for Credit Institutions, and the statutory requirements relevant to the preparation and presentation of the interim consolidated financial statements, and for such internal control as the Board of Management of the Bank determines is necessary to enable the preparation and presentation of the interim consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express a conclusion on the interim consolidated financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review Engagements No. 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Shape the future
with confidence

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim consolidated financial statements do not give a true and fair view, in all material respects, of the interim consolidated financial position of the Bank and its subsidiary as at 30 June 2026, and of the interim consolidated income statement, and its interim consolidated cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System for Credit Institutions and the statutory requirements relevant to the preparation and presentation of the interim consolidated financial statements.

2. BASIS OF PREPARATION

2.1 *Statement of compliance*

The Board of Management of the Bank confirms that the accompanying interim consolidated financial statements have been prepared in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System for Credit Institutions, and other relevant statutory requirements pertaining to the preparation and presentation of the interim consolidated financial statements.

2.2 *Accounting standards and system*

The interim consolidated financial statements of the Bank and its subsidiary have been prepared in accordance with the Accounting System applicable to Credit Institutions, as required under Decision No. 479/2004/QĐ-NHNN issued on 29 April 2004 and circulars amending and supplementing Decision No. 479/2004/QĐ-NHNN; the financial reporting regime applicable to credit institutions under Decision No. 16/2007/QĐ-NHNN dated 18 April 2007 and circulars amending and supplementing Decision No. 16/2007/QĐ-NHNN; Vietnamese Accounting Standard No. 27 - Interim Financial Reporting and other Vietnamese Accounting Standards issued by the Ministry of Finance, including:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying interim consolidated financial statements, including their utilization are not designed for those who are not informed about Vietnam's accounting principles, procedures, and practices and furthermore are not intended to present the interim consolidated financial position and the interim consolidated income statement and interim consolidated cash flows of the Bank and its subsidiary in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam.

Any items or balances required by Decision No. 16/2007/QĐ-NHNN dated 18 April 2007 and circulars amending and supplementing Decision No. 16/2007/QĐ-NHNN, which stipulate the financial reporting regime applicable to credit institutions, that are not shown in these interim consolidated financial statements, indicate nil balances.

2.3 *Reporting period*

The fiscal year of the Bank and its subsidiary starts on 1 January and ends on 31 December.

These interim consolidated financial statements are prepared for the six-month period ended 30 June 2026.

2. BASIS OF PREPARATION (continued)

2.4 Accounting currency

The interim consolidated financial statements are prepared in Vietnam dong ("VND"). For the presentation of the interim consolidated financial statements as at 30 June 2026, the data is rounded to millions and expressed in millions of Vietnam dong ("VND million"). This presentation does not affect the view of users of the interim consolidated financial statements regarding the interim consolidated financial position, the interim consolidated income statement and interim consolidated cash flows.

2.5 Basis of consolidation

The interim consolidated financial statements comprise the financial statements of the Bank and its subsidiary for the six-month period ended 30 June 2026.

The subsidiary is fully consolidated from the date of acquisition, which is the date on which the Bank obtains control of the subsidiary, and continues to be consolidated until the date when such control ceases.

The interim financial statements of the parent bank and its subsidiary used for consolidation purposes are prepared for the same reporting period, using consistent accounting policies.

All intra-group account balances between the parent bank and its subsidiary presented in the interim statement of financial position, as well as related income, expenses, and unrealized gains or losses arising from these transactions, are fully eliminated.

2.6 Assumptions and uses of estimates

The preparation of the interim consolidated financial statements requires the Board of Management of the Bank to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities. These estimates and assumptions also affect the income, expenses, and the resultant provisions. Such estimates are necessarily based on assumptions involving varying degrees of subjectivity and uncertainty, and actual results may differ, leading to future adjustments to the related items.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Changes in accounting policies and disclosures

The accounting policies adopted by the Bank and its subsidiary in the preparation of the interim consolidated financial statements are consistent with those followed in the preparation of the Bank and its subsidiary's consolidated financial statements for the year ended 31 December 2025 and the interim consolidated financial statements for the six-month period ended 30 June 2025, except for changes in the accounting policies in the following:

Circular No. 70/2025/TT-NHNN ("Circular 70") dated 31 December 2025 amends and supplements Point 6.3, Clause 6, Section I of the Accounting System applicable to credit institutions issued together with Decision No. 479/2004/QĐ-NHNN dated 29 April 2004.

Accordingly, for accounting treatments of economic transactions which have not been guided under Decision No. 479 and guidance issued by the State Bank of Vietnam, credit institutions shall, based on the substance and nature of the economic transactions arising, the provisions of the Law on Accounting, guidance on the Law on Accounting, Vietnamese Accounting Standards and prevailing laws and regulations guiding accounting principles applicable to enterprises, perform the relevant accounting treatments.

Circular 70 is effective from 1 January 2026.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.2 Cash and cash equivalents

Cash and cash equivalents include cash on hand and gold, current accounts at the SBV, amounts due from other credit institutions on demand or with an original maturity of not more than three months from the transaction date, and investment securities with a maturity of not more than three months from the purchase date, which are readily convertible into cash and are subject to an insignificant risk of change in value at the reporting date.

3.3 Due from and loans to other credit institutions

Due from and loans to other credit institutions are presented at the principal amounts outstanding at the end of the period.

The classification of credit risk for deposits and loans to other credit institutions and the corresponding provisioning is carried out in accordance with the regulations in Circular 31/2024/TT-NHNN ("Circular 31") and Decree 86/2024/NĐ-CP ("Decree 86"), which stipulate the classification of assets, provisioning levels, methods of provisioning for risks, and the use of provisions to handle risks in the operations of credit institutions and foreign bank branches.

Accordingly, the Bank and its subsidiary make specific provisions for deposits (excluding demand deposits) and loans to other credit institutions according to the method outlined in Note 3.6.

According to Decree 86, the Bank and its subsidiary are not required to make general provisions for deposits at and loans to other credit institutions.

Under Circular 31, for loans to credit institutions that are under special control as stipulated in Clause 9, Article 174 of the Law on Credit Institutions No. 32/2024/QH15, the Bank classifies these loans as standard debt and is not required to adjust the debt classification according to the customer list provided by the National Credit Information Center of Vietnam under the State Bank of Vietnam ("CIC").

3.4 Debts purchased

Debts purchased are recognized at the amount which has been paid for debt purchase and classified into the group of risk which is not lower than the group of debts classified before purchase. If interest on the debt is collected, including interest incurred before the Bank purchased the debt, the Bank shall allocate the interest using the following principle: (i) reduce the value of purchased debts by the amount of interest incurred before the purchase date, (ii) recognize the interest income in the period by the amount incurred after the purchase date.

Debts purchased are classified into loan groups and provisions against credit risks are made in accordance with regulations on making and using provisions against credit risks described in Note 3.6.

3.5 Loans to customers

Loans to customers are disclosed and presented at the principal amounts outstanding at the end of the period.

The provision for credit losses of loans to customers is presented separately as one (1) line in the interim consolidated statement of financial position.

Short-term loans have a maximum term of 1 (one) year from the disbursement date. Medium-term loans have a term ranging from above 1 (one) year to a maximum of 5 (five) years from the disbursement date. Long-term loans are loans with a term of over 5 (five) years from the disbursement date.

Loan classification and provision for credit losses are made according to Circular 31 and Decree 86 as described in Note 3.6.

3.6.1 *Debt classification and provision for credit losses*

The classification of due from and loans to other credit institutions, direct and entrusted purchases of unlisted corporate bonds (including bonds issued by other credit institutions), and loans to customers and entrustments for credit granting and other credit risk bearing assets (collectively referred to as "debts"), is performed using the quantitative method prescribed in Article 10 of Circular 31. Accordingly, debts are classified into the following levels of risk: Current, Special mention, Substandard, Doubtful and Loss, based on their overdue status. Debts classified as Substandard, Doubtful and Loss are considered bad debts.

A general provision as at 30 June 2026 is made at 0.75% of the total balance as at 30 June 2026 of debts excluding due from and loans to other credit institutions, certificates of deposit, bonds issued by other credit institutions and loans classified as loss.

Specific provision as at 30 June 2026 is calculated using the principal balance minus the discounted value of collaterals, multiplied by provision rates determined based on the debt classification results as at 30 June 2026. The basis for determining the value and the discounted value of each type of collateral is specified in Decree 86.

3.6 *Debt classification and provision for credit losses applied to due from and loans to other credit institutions, direct and entrusted purchases of unlisted corporate bonds (including bonds issued by other credit institutions), loans to customers, entrustments for credit granting, debts purchased and other credit risk bearing assets* (continued)

3.6.1 *Debt classification and provision for credit losses* (continued)

If a customer has more than one debt with the Bank, and any of the outstanding debts is classified into a higher risk group, all remaining debts of such customer should be classified into the corresponding higher risk group.

If a customer's debts are classified into a debt group with lower risk than the debt group in the CIC list, the Bank must adjust the debt classification results according to the CIC list.

When the Bank participates in a syndicated loan other than as the lead bank, it should classify loans (including syndicated loans) of the customer into the group of higher risk between the assessment of the leading bank and the Bank and its subsidiary.

3.6.2 *Loan restructuring and loan classification retention to support customers*

From 13 March 2020 to 30 June 2022, the Bank applied the policy of loan restructuring, interest and/or fees exemption or reduction and loan classification retention for loans that meet conditions according to Circular 01/2020/TT-NHNN dated 13 March 2020 ("Circular 01"), Circular 03/2021/TT-NHNN dated 2 April 2021 ("Circular 03"), and Circular 14/2021/TT-NHNN dated 7 September 2021 ("Circular 14") issued by the State Bank of Vietnam, which provide regulations on loan restructuring, interest and/or fees exemption or reduction, and loan classification retention to assist customers affected by the COVID-19 pandemic.

Accordingly, the Bank applies loan classification for loans that fall under the policy of loan restructuring and loan classification retention as follows:

<i>Disbursement date</i>	<i>Overdue status</i>	<i>Overdue date</i>	<i>Principle of loan classification retention</i>
Before 1/8/2021	Current or overdue for a period of 10 days	From 30/3/2020 to 30/6/2022	Retain the latest loan classification as before 23 January 2020 or as before the first-time restructuring date
Before 23/1/2020	Overdue	From 23/1/2020 to 29/3/2020	Retain the latest loan classification as before 23 January 2020
From 23/1/2020 to 10/6/2020		From 23/1/2020 to 17/5/2021	Retain the latest loan classification as before overdue transferring date
From 10/6/2020 to 1/8/2021		From 17/7/2021 to 7/9/2021	

For loans whose repayment term was restructured, interest and/or fees were exempted or reduced, and loan classification was retained, if they become overdue under the restructured repayment term and are not eligible for further restructuring under current regulations, the Bank and its subsidiary make loan classification and provisions in accordance with Circular 31 and Decree 86.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.6 Debt classification and provision for credit losses applied to due from and loans to other credit institutions, direct and entrusted purchases of unlisted corporate bonds (including bonds issued by other credit institutions), loans to customers, entrustments for credit granting, debts purchased and other credit risk bearing assets (continued)

3.6.3 Specific provision for customers with debts that have been restructured on term basis and are subject to loan classification retention

The Bank and its subsidiary make specific provisions for customers with debts that have been restructured on a term basis and are subject to loan classification retention according to the following formula: $C = A - B$

In which:

C: Additional specific provision;

A: Specific provision to be made for all outstanding loan balances of customers according to the results of loan classification under Circular 31 and Decree 86 (Note 3.6.1);

B: Total specific provision to be made for the outstanding balance of loans applying loan classification under the policy of loan classification retention (Note 3.6.2) and specific provision to be made for the remaining loan balances of the customers according to the results of loan classification under Circular 31 and Decree 86 (Note 3.6.1).

The additional specific provision (referred to as C) is made by the Bank and its subsidiary when preparing financial statements, ensuring the minimum provisioning as follows:

- For loans that fall under the policy of loan restructuring and loan classification retention as prescribed in Circular 01, Circular 03, and Circular 14:
 - + By 31 December 2021: At least 30% of the additional specific provision must be made;
 - + By 31 December 2022: At least 60% of the additional specific provision must be made;
 - + By 31 December 2023: 100% of the additional specific provision must be made.

Write-off bad debts

Provisions are recognized as an expense in the interim consolidated income statement and are used to address bad debts. According to Circular 31 and Decree 86, the Bank and its subsidiary establish a risk settlement committee to handle bad debts if they are classified in group 5 or if the borrower is an organization that is dissolved or bankrupt, or an individual who is deceased or missing.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.7 Securities held for trading

3.7.1 Classification and recognition

Securities held for trading include securities purchased for trading purposes. Securities held for trading are initially recognized at cost on transaction date.

3.7.2 Measurement

Periodically, securities held for trading will be considered for diminution in value.

Provision for diminution in value of securities held for trading is made specifically for loss investment. The Bank and its subsidiary make provision for securities held for trading if there is substantial evidence indicating a decline in the value of these investment at interim consolidated statement of financial position date. Provision for diminution is recognized to the interim consolidated income statement at "Net gain from securities held for trading".

Provision for securities held for trading which is mentioned above is reversed when the recoverable amount of securities held for trading increases after the provision is made as a result of an objective event. Provision is reversed up to the gross value of these securities before the provision is made.

Gains or losses from sales of trading securities are recognized in the interim consolidated income statement.

Interest and dividends derived from securities held for trading are recognized on cash basis in the interim consolidated income statement.

3.7.3 De-recognition

Securities held for trading are de-recognized when the rights to receive cash flows from these securities are terminated or the Bank and its subsidiary transfers substantially all the risks and rewards of ownership of these securities.

3.8 Available-for-sale securities

3.8.1 Classification and recognition

Available-for-sale securities include debt and equity securities that are acquired by the Bank and its subsidiary for investment and available-for-sale purposes. These securities are not regularly traded but can be sold when there is a benefit. For equity securities, the Bank and its subsidiary are also neither the founding shareholder nor the strategic partner, and they do not have the ability to exert significant influence in establishing and making the financial and operating policies of the investees through a written agreement on the assignment of personnel to the Board of Directors/Management.

Available-for-sale equity securities are initially recognized at cost on the purchase date and continuously presented at cost in subsequent periods.

Available-for-sale debt securities are recognized at par value on the purchase date. Accrued interest (for debt securities with interest payment in arrears) and deferred interest (for debt securities with interest payment in advance) are recognized in separate accounts. The discount/premium, which is the difference between the cost and the par value plus (+) accrued interest (if any) or minus (-) deferred interest (if any) is also recognized in a separate account.

In subsequent periods, these securities are continuously recorded at par value, and the discount/premium (if any) is amortized to the interim consolidated income statement on a straight-line basis over the remaining term of securities. Interest received in arrears is recorded as follows: Cumulative interest incurred before the purchasing date is recorded as a decrease in the accrued interest, while cumulative interest incurred after the purchasing date is recognized as income based on the accumulated method. Interest received in advance is amortized into the securities investment interest income on a straight-line basis over the term of securities investment.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.8 *Available-for-sale securities* (continued)

3.8.2 *Measurement*

Periodically, available-for-sale securities will be considered for diminution in value.

The provision for diminution in value of available-for-sale securities is made when the book value of the securities is higher than their market value. The provision for diminution in value is recorded under "*Net gain from investment securities*" in the interim consolidated income statement.

For corporate bonds that have not yet been listed on the securities market or have not been registered for trading on unlisted public companies, the Bank and its subsidiary shall classify and make provisions for those bonds in accordance with Circular 31 and Decree 86 as presented in *Note 3.6*.

3.9 *Held-to-maturity investment securities*

Held-to-maturity investment securities are debt securities purchased by the Bank for the purpose of earning interest, and the Bank has the capability and intention to hold these investments until maturity. Held-to-maturity securities have a determined value and maturity date. In the event that the securities are sold before the maturity date, they will be reclassified as either securities held for trading or available-for-sale securities.

Held-to-maturity investment securities are recognized and measured similarly to available-for-sale securities, as described in *Note 3.8*.

3.10 *Repurchase agreements*

Securities sold under agreements to be repurchased at a specific date in the future ("repos") are not derecognized from the interim consolidated financial statements. The corresponding cash received is recognized in the interim consolidated statement of financial position as a liability item. The difference between the sale price and repurchase price is recognized to the interim consolidated income statement using contract interest rate.

3.11 *Other long-term investments*

Other long-term investments represent investments in entities in which the Bank and its subsidiary hold less than or equal to 11% of voting rights. These investments are initially recorded at cost on the investment date.

Provision for diminution in the value of investment is made when there is substantial evidence indicating a decline in the value of such investments as of the end of the fiscal year.

For securities which are not listed but are registered for trading on the unlisted public company market (UPCoM), provision for diminution in value is made when their average referenced price within the last 30 trading days prior to the preparation of the financial statements, as announced by the Stock Exchange, is lower than the carrying value of the securities at the end of the fiscal year.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.11 Other long-term investments (continued)

In other cases, provision for diminution in the value of long-term investment is made if the invested economic organizations experience losses. The provision for diminution is calculated according to the following formula:

Level of provision for investment	=	Actual rate of charter capital (%) of the Bank and its subsidiary at an business organization at the time of making the provision	x	Parties' actual investment capital at the business organization receiving capital contribution at the time of making the provision	-	Actual equity capital of business organization at the time of making the provision
-----------------------------------	---	---	---	--	---	--

Provision is reversed when the recoverable amount of the investment increases after the provision is made. The provision is reversed up to the gross value of the investment before the provision is made.

An increase or decrease in the provision for long-term investments is recognized in "Other operating expense" on the interim consolidated income statement.

3.12 Fixed assets

Fixed assets are stated at cost less accumulated depreciation or accumulated amortization.

The cost of a fixed asset includes any directly attributable costs of bringing the fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets, while other expenditures are charged to the interim consolidated income statement as incurred.

When fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the interim consolidated income statement.

3.13 Lease

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and whether the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.13 Lease (continued)

Assets held under finance leases are capitalized in the interim consolidated statement of financial position at the inception of the lease at the fair value of the leased assets or, if lower, at the net present value of the minimum lease payments. The principal amount included in future lease payments under finance leases are recorded as a liability. The interest amounts included in lease payments are charged to the interim consolidated income statement over the lease term to achieve a constant rate of interest on the remaining balance of the finance lease liability.

Capitalized financial leased assets are depreciated using the straight-line basis over the shorter of the estimated useful lives of the asset and the lease term, if there is no reasonable certainty that the lessee will obtain ownership by the end of the lease term.

Rentals under operating leases are charged to the interim consolidated income statement in "Operating expenses" on a straight-line basis over the lease term.

Income from operating leases is recognized in "Fee and commission income" in the interim consolidated income statement on a straight-line basis over the lease term.

3.14 Depreciation and amortization

Depreciation and amortization of tangible fixed assets and intangible fixed assets are calculated on a straight-line basis over the estimated useful life of the assets as follows:

Buildings and structures	5 - 30 years
Machinery and equipment	3 - 8 years
Vehicles	3 - 8 years
Office equipment	3 - 8 years
Other tangible assets	3 - 5 years
Computer software	3 - 8 years
Land use rights	30 - 50 years

Infinite land use rights granted by the Government are not amortized. Definite term land use rights are amortized over the term of use.

3.15 Other receivables

3.15.1 Receivables classified as credit-risk assets

Receivables classified as credit-risk assets are recognized at cost. Doubtful receivables are classified and provided for allowance by the Bank and its subsidiary in accordance with the regulations on recognition and use of provision as presented in Note 3.6.

3.15.2 Other receivables

Receivables other than receivables from credit activities are recognized at historical cost and subsequently recognized at cost during the holding periods.

Provision for receivables is determined based on the overdue status of debts or expected loss of current debts. This provision is made when the debts are not yet due for payment, but the corporate debtors have fallen into bankruptcy or are in the process of dissolution, or when individual debtors are missing, having escaped, are being prosecuted, on trial or deceased. The provision expense incurred is recorded into "Other operating expense" of the interim consolidated income statement.

3.15 Other receivables (continued)

3.15.2 Other receivables (continued)

The provision for overdue debts is made as follows:

<i>Overdue period</i>	<i>Provision rate</i>
From six months up to one year	30%
From one year up to under two years	50%
From two years up to under three years	70%
From three years and above	100%

3.16 Prepaid expenses

Prepaid expenses include short-term prepaids or long-term prepaids on the interim consolidated financial statement and are amortized over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

3.17 Borrowings from the Government and the SBV; due to and borrowings from other credit institutions; due to customers; valuable papers issued; and grants, entrusted funds and loans exposed to risks

Borrowings from the Government and the SBV; due to and borrowings from other credit institutions; due to customers; valuable papers issued; and grants, entrusted funds and loans exposed to risks are disclosed at the principal amounts outstanding as of the end of the period. At initial recognition, issuance costs are deducted from the cost of the valuable papers. These costs are allocated on a straight-line method during the lifetime of the valuable papers to "Interest and similar expense".

3.18 Payables and accruals

Payables and accruals are recognized for amounts to be paid in the future for goods and services received, whether or not billed to the Bank and its subsidiary.

3.19 Loan classification for off-statement of financial position commitments

Off-statement of financial position commitments include guarantees, payment acceptances, and loan commitments that are irrevocable, unconditional, and have a specific time of execution.

Classification for off-statement of financial position commitments is only used to monitor the credit quality. Accordingly, commitments and contingent liabilities are classified for management and credit quality monitoring purposes, as described in Note 3.6.

According to Circular 31 and Decree 86, the Bank and its subsidiary are not required to make provisions for off-statement of financial position commitments.

3.20 Fiduciary assets

Assets in entrusted assets management of the Bank and its subsidiary are not recognized as the Bank and its subsidiary's assets, hence, will not be included in the interim consolidated financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.21 *Derivatives financial instruments*

The Bank and its subsidiary involve in currency forward contracts and currency swap contracts to facilitate customers in transferring, modifying, or minimizing foreign exchange risk or other market risks, as well as for the trading purpose.

Currency forward contracts

The currency forward contracts are commitments to settle in cash on a pre-determined future date based on the difference between pre-determined exchange rates, calculated on the notional amount. The currency forward contracts are recognized at the nominal value on the transaction date and are revalued for the reporting purposes at the exchange rate on the reporting date. Realized or unrealized gains or losses are recognized in the "Exchange rate revaluation" in "Owners' equity" and will be transferred to the consolidated income statement at the end of the financial year. The premium or discount derived from the difference between the spot rate and the forward rate is recorded as assets if positive or a liability if negative in the interim consolidated statement of financial position at the contract date. The difference is amortized on a straight-line basis over the forward contract period and recognized in the interim consolidated income statement.

Currency swap contracts

The swap contracts are commitments to settle in cash on a pre-determined future date based on the difference between pre-determined exchange rates calculated on the notional principal amount. The premium or discount resulting from the difference between the spot rate at the effective date of the contract and the forward rate is recognized immediately at the effective date of the contract as an asset if positive or a liability if negative in the interim consolidated statement of financial position. The difference is amortized on a straight-line basis over the life of the swap contract and recognized in the interim consolidated income statement.

3.22 *Capital*

3.22.1 *Ordinary shares*

Ordinary shares are classified as equity.

3.22.2 *Share premium*

The Bank and its subsidiary record the difference between the par value and issue price of shares if the issue price is higher than par value, and the difference between the price of repurchasing of treasury stocks and the re-issue price of treasury stocks to the share premium account. The expense related to issuing shares will be recorded as a deductible share premium.

3.22 Capital (continued)

3.22.3 Funds and reserves

The Bank and its subsidiary are required to make the following reserves in accordance with the Law on Credit Institutions No. 32/2024/QH15 and Decree No. 135/2025/ND-CP and the Bank's Charter as follows:

	% of profit after tax	Maximum rate
Charter capital supplementary reserve	10% of profit after tax after distribution of profits to parties to business cooperation arrangements in accordance with the executed agreements and after offsetting accumulated losses from prior years that are no longer deductible for corporate income tax purposes.	100% chartered capital
Financial reserve	10% of profit after tax remaining after appropriation to the reserve fund for supplementation of charter capital.	Not regulated

Other funds will be allocated from profit after tax. The allocation from profit after tax and the utilization of funds must be approved by the Annual General Meeting of Shareholder. These reserves are not regulated by statutory requirements and are allowed to be fully allocated.

3.23 Recognition of income and expenses

Interest income and interest expenses

Interest income and interest expenses are recognized in the interim consolidated income statement on an accrual basis. The recognition of accrued interest income arising from loans classified in Groups 2 to 5 in accordance with Circular 31, and loans with repayment term restructuring and loan classification retention according to regulations, will not be recognized in the interim consolidated income statement. Suspended interest income is reversed, monitored off-statement of financial position and recognized in the interim consolidated income statement upon actual receipt.

Fees and commissions income

Fees and commissions are recognized when services are rendered.

Income from investment

Income from investments is recognized based on the difference between the selling price and average cost of the securities sold.

Cash dividends from investment are recognized in the interim consolidated income statement when the Bank and its subsidiary's right to receive the payment is established. For stock dividends and bonus shares, the number of shares is updated, and no dividend income is recognized in the interim consolidated income statement.

Other income

Other income is recognized on cash basis.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.24 Corporate income tax

Current corporate income tax

Current income tax assets and liabilities for the current and prior periods are recognized based on the amounts expected to be recovered from or paid to tax authorities, calculated using tax rates and tax regulations enacted as of the end of the accounting period.

Current income tax is charged or credited to the interim consolidated income statement, except when it relates to items recognized directly to equity, in which case the current income tax is also accounted in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Bank to set off current tax assets against current tax liabilities and when the Bank intends to settle its current tax assets and liabilities on a net basis.

3.25 Foreign currency transactions

In accordance with the accounting system of the Bank and its subsidiary, all transactions are recorded in their original currencies. Monetary assets and liabilities denominated in foreign currencies are converted into VND using exchange rates that are in effect at the interim consolidated statement of financial position (*Note 48*). Income and expenses arising in foreign currencies are converted into VND at the rates that are in effect on the transaction dates. Exchange rate revaluation resulting from the conversion of monetary assets and liabilities from foreign currency to VND during the period are recognized and tracked under "*Exchange rate revaluation*" within "*Owners' Equity*" in the interim consolidated statement of financial position. These differences will be transferred to the consolidated income statement at the end of the fiscal year.

3.26 Offsetting

Financial assets and financial liabilities are offset, and the net amount is reported in the interim consolidated statement of financial position if, and only if, the Bank and its subsidiary have a currently enforceable legal right to offset financial assets against financial liabilities or vice-versa and there is an intention to settle on a net basis, or to realize the assets and settle the liability simultaneously.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.27 *Employee benefits*

3.27.1 *Post-employment benefits*

Post-employment benefits are paid to retired employees of the Bank and its subsidiary by the Social Insurance Agency, which belongs to the Ministry of Labour, Invalids and Social Affairs. The Bank and its subsidiary are required to contribute to these post-employment benefits by paying social insurance premiums to the Social Insurance Agency at the rate of 17.5% of an employee's basic salary monthly, allowances and other additional payments. Besides, the Bank and its subsidiary have no further obligations for post-employee benefits.

3.27.2 *Voluntary resignation benefits*

Under Article 46 of Labor Code No. 45/2019/QH14, effective from 1 January 2021, the Bank and its subsidiary have the obligation to pay an allowance arising from the voluntary resignation of employees. This allowance is equal to one-half month's salary for each year of employment up to 31 December 2008, plus salary allowances (if any). From 1 January 2009, the average monthly salary used in this calculation is the average monthly salary of the latest six-month up to the resignation date.

3.27.3 *Unemployment insurance*

According to current regulations, which provides on guidelines for the Law on Employment in terms of unemployment insurance, the Bank and its subsidiary are obliged to pay unemployment insurance at a rate of 1% of its salary fund used for unemployment insurance purposes and required to deduct 1% of each employee's salary to pay simultaneously to the Unemployment Insurance Fund.

3.28 *Earnings per share*

The Bank and its subsidiary present basic earnings per share for ordinary shares. Basic earnings per share amounts are calculated by dividing the net profit or loss after tax attributable to ordinary shareholders of the Bank and its subsidiary (after adjusting for the bonus and welfare fund) by the weighted average number of ordinary shares outstanding during the period.

If the shares issued during the period only change the number of shares without changing the total equity, the Bank and its subsidiary will adjust the weighted average number of ordinary shares currently circulated to the previous presented on the interim consolidated financial statements, resulting in a corresponding adjustment of the opening balance of the basic earnings per shares.

3.29 *Segment reporting*

A segment is a component determined separately by the Bank and its subsidiary, which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment). Each segment is subject to risks and returns that are different from those of other segments.

3.30 *Related parties*

Parties are considered related parties of the Bank and its subsidiary if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Additionally, related parties include situations where, or when the Bank and its subsidiary along with another party are under common control or under common significant influence. Related parties can be enterprises or individuals, including close members of their families.

21. STATUTORY OBLIGATIONS (continued)

21.1 Current corporate income tax

The Bank and its subsidiary have the obligations to pay corporate income tax ("CIT") at a rate of 20% of taxable profits for the current period (previous period: 20%).

The tax returns of the Bank and its subsidiary are subject to examination by the taxation authorities. Since the application of tax laws and regulations to many types of transactions is susceptible to varying interpretations, the amounts reported in the interim consolidated financial statements could be changed at a later date upon final determination by the taxation authorities.

The current tax payable is based on taxable profit for the current period. Taxable income differs from profit as reported in the interim consolidated income statement because it excludes taxable income or deductible expenses from prior years due to differences between the Bank and its subsidiary's accounting policies and the current income tax policies. It also excludes non-taxable income or non-deductible expenses. The current CIT payables are calculated based on the statutory tax rates applicable at the end of the period.

The calculation of current CIT during the period is as follows:

	<i>For the six-month period ended 30 June 2026 VND million</i>	<i>For the six-month period ended 30 June 2025 VND million</i>
Profit before tax	3,158,754	2,520,184

<i>Adjustments to increase:</i>		
- Non-deductible expenses	6,022	3,732
- Adjustment to CIT for previous years	286	1,624
Estimated current CIT expenses for the period	638,059	509,393

23. BASIC EARNINGS PER SHARE

Basic earnings per share are calculated by dividing the net profit after tax for the period attributable to ordinary shareholders of the Bank and its subsidiary (after adjustments for the appropriation of bonus and welfare funds) by the weighted average number of ordinary shares outstanding during the period.

The net profit after tax used to calculate basic earnings per share for the six-month period ended 30 June 2025 has been adjusted to reflect the actual allocation of the bonus and welfare fund for the year 2025, in accordance with the resolution of the General Meeting of Shareholders on 20 March 2026.

Valuable papers	31,571,824	26,062,496

35. CONTINGENT LIABILITIES AND COMMITMENTS

In the normal course of business, the Bank and its subsidiary are parties to financial instruments that are recorded as off-statement of financial position items. These financial instruments mainly comprise foreign exchange commitments, guarantee commitments, and commercial letters of credit. These instruments involve elements of credit risk for the Bank and its subsidiary, which are in addition to those reflected in the items recognized in the interim consolidated statement of financial position.

Credit risk for off-statement of financial position financial instruments is defined as the possibility of sustaining a loss for the Bank and its subsidiary because any other party to a financial instrument fails to perform in accordance with the terms of the contract.

Financial guarantees are conditional commitments issued by the Bank and its subsidiary to guarantee the performance of a customer to a third-party. This includes guarantees for borrowings, settlement, performing contracts and bidding. The credit risk involved in issuing guarantees is essentially the same as that involved in extending loans to other customers.

Deferred payment letters of credit represent the amounts at risk should the contract be fully performed but the client defaults in repayment to the beneficiary. Deferred payment letters of credit on which clients default are recognized by the Bank and its subsidiary as granting of a compulsory loan with a corresponding liability representing the financial obligation of the Bank and its subsidiary to pay the beneficiaries and to fulfil the guarantor obligation.

The Bank and its subsidiary require margin deposits to support credit-related financial instruments when it is deemed necessary. The margin deposit required varies from nil to 100% of the value of a granted commitment, depending on the creditworthiness of clients as assessed by the Bank and its subsidiary.

The currency trading commitments include commitments to purchase, sell at spot and currency swap commitments. Commitments to purchase or, sell at spot are commitments to purchase, or, sell currency at the dealt exchange rate and make payment within 2 (two) days from the transaction date. Currency swap commitments involve purchasing and selling with the same notional principal amount (using only two currencies) with the same counterparty. This includes one transaction for term payment at spot and one transaction for term payment in the future with the exchange rate of both transactions determined at spot transaction date.

42. FINANCIAL RISK MANAGEMENT

Risk is inherent in the activities of the Bank and its subsidiary and is managed through an ongoing process of identification, measurement, and monitoring, subject to risk limits and other controls. This risk management process is critical to the continuing profitability of the Bank and its subsidiary, and each individual within the Bank and its subsidiary is accountable for risk prevention within their respective responsibilities. The Bank and its subsidiary are exposed to credit risk, liquidity risk, and market risk (which is further subdivided into trading and non-trading risks). The Bank and its subsidiary are also subject to various operational risks.

The independent risk control process does not include business risks such as changes in the environment, technology, and industry. The Bank and its subsidiary's policy is to monitor those business risks through their strategic planning process.

(i) Risk management structure

The Board of Directors is ultimately responsible for identifying and controlling risks. However, each individual member is responsible for managing and monitoring risks.

(ii) Board of Directors

The Board of Directors is responsible for monitoring the overall risk management process within the Bank and its subsidiary.

(iii) Risk Management Committee

The Risk Management Committee advises the Board of Directors in the promulgation of procedures and policies under its jurisdiction relating to risk management in the Bank and its subsidiary's activities.

The Risk Management Committee analyses and provides warnings on potential risks that may affect the Bank and its subsidiary's operation, along with preventive measures in the short term as well as long term.

The Risk Management Committee reviews and evaluates the appropriateness and effectiveness of the risk management of procedures and policies of the Bank and its subsidiary, making recommendations to the Board of Directors for the improvement of procedures, policies, and operational strategies.

(iv) Board of Supervision

The Board of Supervision has the responsibility to control the overall risk management process within the Bank and its subsidiary.

(v) Internal Audit

According to the annual internal audit plan, business processes throughout the Bank and its subsidiary are audited annually by the internal audit function. This function examines both the adequacy of the procedures and compliance with the Bank and its subsidiary's procedures. Internal Audit discusses the results of all assessments with the Board of Management and reports its findings and recommendations to the Board of Supervision.

(vi) Risk measurement and reporting systems

The Bank and its subsidiary measure their risks using a method that considers both the expected loss likely to arise in normal circumstances and unexpected losses, which are estimated based on statistical models and represent estimates of the ultimate actual losses.

Monitoring and controlling of risks are primarily performed based on limits established by the Bank and its subsidiary in compliance with the regulations of the State Bank of Vietnam. These limits reflect the business strategy, market environment, and the level of risk tolerance of the Bank and its subsidiary.

42. FINANCIAL RISK MANAGEMENT (continued)

(vi) Risk measurement and reporting systems (continued)

Information compiled from all business activities is examined and processed to analyze, control and identify risks at an early stage. This information is presented and explained to the Board of Management, Board of Directors and department heads. The report includes aggregate credit exposure, credit metric forecasts, limit exceptions, liquidity ratios and changes in risk profile. The Board of Directors assesses the appropriateness of the allowance for credit losses on a quarterly basis. Additionally, the Board of Directors receives a comprehensive risk report quarterly which is designed to provide all necessary information for assessing and concluding on the risks of the Bank and its subsidiary.

Tailored risk reports are prepared and distributed to all levels throughout the Bank and its subsidiary, ensuring that all business departments have access to extensive, necessary and up-to-date information.

(vii) Risk reduction

The Bank and its subsidiary have actively used collateral to mitigate credit risk.

(viii) Excessive risk concentration

Concentrations arise when a large number of customers of the Bank and its subsidiary are engaged in similar business activities, or activities in the same geographic region, or have similar economic features that would affect the group of customers' payment obligations or payment receipt rights when due under changes in economic, political or other conditions.

These above concentrations indicate the relative sensitivity of the Bank and its subsidiary's performance to the developments of a particular industry or geographic region.

To avoid excessive concentrations of risk, the Bank and its subsidiary's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risk are controlled and managed accordingly. Selective hedging is used within the Bank and its subsidiary in respect of the industries and other related factors.

43. CREDIT RISK

Credit risk is the risk that the Bank and its subsidiary may experience losses due to customers or counterparties failing to fulfill their contractual obligations.

The Bank and its subsidiary manage and control credit risk by setting limits on the acceptable level of risk for individual counterparties, geographical areas, and industry concentrations. They also monitor exposures in relation to such limits.

The Bank and its subsidiary have established a credit quality review process to provide early identification of potential changes in the financial position and creditworthiness of counterparties, including regular reviews of collateral. Counterparty limits are determined through the use of a credit rating system, which assigns a risk rating to each counterparty. These risk ratings are subject to regular revisions.

43.1 Maximum exposure to credit risk before collateral held or other credit enhancements

The maximum exposures to credit risk, which are equivalent to the book values of each group of financial assets on the interim consolidated financial statement, are listed below:

	30 June 2026 VND million	31 December 2025 VND million
Credit risk exposures of on-consolidated statement of financial position items		
Due from and loans to other credit institutions	139,644,034	155,203,142
Loans to customers

Credit risk exposures of off-consolidated statement of financial position items		
Financial guarantees	13,381,518	10,122,473
Letters of credit	2,771,734	211,585

This table presents the worst case in which the Bank and its subsidiary will incur the maximum credit exposures as at 30 June 2026 and 31 December 2025, without considering any collateral held or their credit enhancements.

43.2 Financial assets neither past due nor impaired

The Bank and its subsidiary's financial assets which are neither past due nor impaired consist of loans to customers classified as Group 1 (Current) loans in accordance with Circular 31; as well as securities, receivables and other financial assets that are not past due and do not require any provision.

The Bank and its subsidiary determine that they have an absolute capacity to fully and timely recover these financial assets in the future.

43.3 Financial assets past due but not impaired

The age of financial assets past due but not impaired as at 30 June 2026 is presented below:

	Past due				
	Less than 90 days VND million	From 91 to 180 days VND million	From 181 to 360 days VND million	More than 360 days VND million	Total VND million
Loans to customers	196,653	23,729	32,626	1,374,430	1,627,438

Loans that are overdue but not impaired are considered overdue loans, but provisions are not required, as the Bank and its subsidiary hold all collaterals in the form of counterparty deposits, real estate, movable assets, valuable papers, and other types of collaterals.

44. MARKET RISK

44.1 Interest rate risk

Interest rate risk arises from the possibility that changes in interest rates will affect the fair values of financial instruments. The Bank and its subsidiary are exposed to interest rate risk due to mismatches in maturity dates or dates of interest rate repricing for assets, liabilities, and off-statement financial instruments over a certain period. To manage this risk, the Bank and its subsidiary employ risk management strategies to match the dates of interest rate repricing of assets and liabilities.

Analysis of assets and liabilities based on interest rate re-pricing date

The repricing term of the effective interest rate refers to the remaining period from the date of the interim consolidated financial statements to the nearest interest rate repricing date or remaining contractual term, whichever is earlier.

The following assumptions and conditions are used in analysis of the re-pricing period of interest rates for the Bank and its subsidiary's assets and liabilities:

- ▶ Cash and gold; balances with the SBV; investment securities - equity securities; derivatives financial instruments; long-term investments; other assets (including fixed assets and other assets); and other liabilities are classified as non-interest bearing items;
- ▶ The repricing term of investment securities - debt securities; loans to customers; due from and loans to other credit institutions; grants, entrusted funds and loans exposed to risks; borrowings from the Government and the SBV; valuable papers issued; due to and borrowings from other credit institutions and due to customers are determined as follows:
 - Items which bear fixed interest rate during the contractual term: The re-pricing term is determined based on the time to maturity from the interim consolidated statement of financial position date.
 - Items which bear floating interest rate: The re-pricing term is determined based on the time to the nearest interest rate re-pricing date from the interim consolidated statement of financial position date.

The following table presents the interest re-pricing period of the Bank and its subsidiary's assets and liabilities as at 30 June 2026:

USD	(0.02%)	0,789

44.2 Currency risk

Currency risk is the risk of fluctuations in the value of financial instruments due to changes in foreign exchange rates.

The Bank and its subsidiary are incorporated and operate in Vietnam, with the VND as their reporting currency. The primary currency used for their transactions is also VND. Financial assets and liabilities of the Bank and its subsidiary are denominated in VND, with some also denominated in USD, EUR, and gold. To control currency positions, the Bank and its subsidiary have established limits. These positions are monitored on a daily basis, and hedging strategies are employed to ensure that the positions of the currencies remain within the established limits.

The exchange rates between key foreign currencies and VND at the reporting date are presented at Note 48.

Assuming that all variables remain constant, the following table shows the effects on profit after tax and equity of the Bank and its subsidiary due to changes in exchange rates. The risk due to changes of exchange rates for other currencies of the Bank and its subsidiary is not significant.

44.3 Liquidity risk

Liquidity risk is the risk that the Bank and its subsidiary face difficulties in meeting their financial liabilities. Liquidity risk arises when the Bank and its subsidiary are unable to settle debt obligations on their due dates under normal or stress conditions. To manage exposure to liquidity risk, the Bank and its subsidiary diversify the mobilization of deposits from various sources in addition to their basic capital resources. In addition, the Bank and its subsidiary have established policies to control liquidity assets flexibly, monitor future cash flows and daily liquidity. The Bank and its subsidiary have also evaluated the estimated cash flows and the availability of current collateral assets in case of obtaining more deposits.

The maturity term of assets and liabilities is the remaining period of assets and liabilities calculated from the interim consolidated statement of financial position date to the settlement date in accordance with contractual terms and conditions.

The following assumptions and conditions are applied in the analysis of the maturity of the Bank and its subsidiary's assets and liabilities:

- ▶ Balances with the SBV are classified as demand deposits, considered within one (1) month, including compulsory reserves;
- ▶ The maturity term of investment securities - debt securities is calculated based on the maturity date of each type of securities; investment securities - listed equity securities are considered within one (1) month because of their high liquidity;
- ▶ The maturity term of borrowings from the Government and the SBV; grants, entrusted funds and loans exposed to risks; valuable papers issued; due from and loans to other credit institutions; loans to customers is determined based on the maturity date stipulated in contracts. The actual maturity term may be altered if loan contracts are extended;
- ▶ The maturity term of long-term investments is considered to be more than five (5) years because these investments do not have specific maturity dates;
- ▶ The maturity term of due to and borrowings from other credit institutions; derivatives and other financial liabilities; and due to customers is determined based on the features of these items or the maturity date as stipulated in contracts. Vostro accounts and demand deposits are transacted as required by customers and are classified as on demand. The maturity term of borrowings and term deposits is determined based on the maturity date in contracts. In practice, these amounts may be rolled over, and therefore, may extend beyond the original maturity date;
- ▶ The maturity term of fixed assets is determined based on the remaining useful life of the asset.

46. SUPPLEMENTAL NOTES TO FINANCIAL ASSETS AND FINANCIAL LIABILITIES

On 6 November 2009, the Ministry of Finance issued Circular 210/2009/TT-BTC, which provides guidance for the adoption of the International Financial Reporting Standards on the presentation and disclosures of financial instruments in Vietnam (referred to as "Circular 210"). This circular is effective for financial years beginning on or after 1 January 2011.

Circular 210 specifically addresses the presentation and disclosures of financial instruments. Therefore, the concepts of financial assets, financial liabilities, and related concepts are applied solely for supplemental presentation as requirements of Circular 210. The assets, liabilities, and equity of the Bank and its subsidiary have been recognized and measured in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for Credit Institutions, and the statutory requirements relevant to the preparation and presentation of the interim consolidated financial statements.

Financial assets

Financial assets of the Bank and its subsidiary within the scope of Circular 210 comprise cash and gold; balances with the SBV; due from and loans to other credit institutions; loans to customers; investment securities; receivables and other financial assets.

According to Circular 210, financial assets are appropriately classified, for the purpose of disclosure in the interim consolidated financial statements, into one of the following categories:

► A financial asset at fair value through the interim consolidated income statement

Is a financial asset that meets either of the following conditions:

- It is classified as held-for-trading. A financial asset is classified as held-for-trading if:
 - ✓ It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
 - ✓ There is evidence of recent actual pattern of short-term profit-taking; or
 - ✓ Derivatives (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument);
- It is designated by the Bank and its subsidiary as at fair value through the interim consolidated income statement upon initial recognition.

Financial assets (continued)

► *Held-to-maturity investments:*

Non-derivative financial assets with fixed or determinable payments and fixed maturities that the Bank and its subsidiary intend and can hold to maturity, except for:

- a) Financial assets that, at the time of initial recognition, have been classified as a recognized group at their fair value through the interim consolidated statement of income;
- b) Financial assets classified as available-for-sale;
- c) Financial assets that satisfy the definitions of loans and receivables.

► *Loans and receivables:*

Are non-derivatives financial assets with fixed or determinable payments that are not quoted in an active market, except for:

- a) Those that the Bank and its subsidiary intend to sell immediately or in the near term, which shall be classified as held for trading, and those that the Bank and its subsidiary, upon initial recognition, designate as at fair value through the interim consolidated income statement;
- b) Those that the Bank and its subsidiary designate as available for sale upon initial recognition; or
- c) Those for which the holder may not recover substantially all its initial investment, other than because of credit deterioration, which shall be classified as available for sale.

► *Available for sale assets:*

Are non-derivative financial assets that are designated as available for sale or are not classified as:

- a) Loans and receivables;
- b) Held-to-maturity investments;
- c) Financial assets at fair value through the interim consolidated income statement.

Financial liabilities

Financial liabilities of the Bank and its subsidiary under the Circular 210 consist of borrowings from the Government and the SBV; due to and borrowings from other credit institutions; due to customers; grants, entrusted funds, loans exposed to risks; valuable papers issued; payables and other financial liabilities.

46. SUPPLEMENTAL NOTES TO FINANCIAL ASSETS AND FINANCIAL LIABILITIES (continued)

Financial liabilities (continued)

According to Circular 210, financial liabilities are appropriately classified into the following categories for the purpose of disclosure in the interim consolidated financial statements:

► *Financial liabilities at fair value through interim consolidated income statement*

Is a financial liability that meets either of the following conditions:

- a) It is classified as held for trading. A financial liability is deemed held for trading if:
 - ✓ It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term;
 - ✓ There is evidence of a recent actual pattern of short-term profit-taking; or
 - ✓ Derivatives (except for a derivative that is a financial guarantee contract or designated and effective hedging instrument).
- b) Upon initial recognition, it is designated by the Bank and its subsidiary as at fair value through the interim consolidated income statement.

► *Financial liabilities at amortized cost.*

Financial liabilities that are not categorized as at fair value through the interim consolidated income statement will be classified as financial liabilities at amortized cost.

Offsetting financial assets and liabilities

Financial assets and financial liabilities are offset and reported at the net amount in the interim consolidated statement of financial position if, and only if, the Bank and its subsidiary have an enforceable legal right to offset financial assets against financial liabilities and the Bank and its subsidiary have the intention to settle on a net basis, or the realization of the assets and settlement of liabilities is made simultaneously.

Determine the fair value of financial instruments

The fair value of cash and short-term deposits approximates their carrying value due to the short-term maturity of these items.
